Activities:

- Assisted in Freshman House August 4-7, 2014:
Mentor-interacted with the upcoming freshman. Also helped conduct activities.
- Legal Education Action Program June 2013:
Participant-was introduced to many successful judges and lawyer. We were in teams and were given a case and we were to assemble our question and conducted the case in front of judge against an opposing team.
- Co-Curricular: HOSA, Robotics
- Internship: Maliheh Free Clinic. Helped doing chart pull, finding patient charts, faxing, appointment reminder calls, interpreting.
- High School Bioresearch Program: 2 weeks of lab “boot camp” and then assigned to a PI and his lab where I worked at for 6 weeks. At the end of the program made a poster and presented what I did in the lab and any findings.
- AIYME: high school student program for students who are interested in going into the medical field. 6 Saturdays that had lectures at the beginning and a lab at the end. Towards the end of the program made poster on a condition or disease interested in and presented it in groups.
